	TYAZ19	20	20		USD	0.00
	Commissions:			0.00	USD	

Although a poor PnL he was disciplined in his approach, not overtrading and taking the loss immediately on hitting the product stop. Calm and considered action, just positioned the wrong way for the move of the afternoon.

ARCTIC SHORES

	Self Monitoring	
Less inclined to regulate their behaviour in response to social cues to accommodate the requirements of a particular situation or audience. Likely to consistently use their own style when interacting with different people.	1 2 3 4 5 6 7 8 9 **10**	More inclined to regulate their behaviour in response to social cues to accommodate the requirements of a particular situation or audience.
Tends to need more certainty than peers when decision-making. Likely to feel more comfortable when the future is predictable and answers are definitive.	**Managing Uncertainty**	Inclined to tolerate more uncertainty when decision-making and tends to feel more comfortable than others when the future is unpredictable. Likely to tackle ambiguity well.
	1 2 3 4 5 6 7 **8** 9 10	

Overall median scores shown in his Arctic Shores report. Outlyers include; High Self Monitoring reflected in his disciplined approach to trading and a good ability to manage uncertainty.

Excellent engagement throughout. He took a PnL hit early on and remained composed working hard on what he could do to still perfrom well despite the intial set-back.
